

SMART LOCK UPGRADE OPTION

777 Aldridge Road | Vacaville, CA 95688 | 800.680.5800 | www.allweatheraa.com

Upgrade your Series 7000 Swing Door to the digital age with All Weather's Smart Lock option. With its sleek design, Smart Lock offers a convenient way to secure your home or office with a variety of modern keyless entry options for enhanced security.

FEATURES

Fingerprint Recognition

- Unlock your door instantly with fingerprint recognition. You can configure up to 100 different sets of fingerprints.

Unlock Remotely With Mobile Phone

- Open your door remotely with the mobile phone app. You can manage multiple doors locks with the same mobile app

Open With Passcode or Keycard

- Unlock your door in seconds with a passcode or RFID keycard. You can manage multiple passcodes from your mobile app.

Open With A Physical Key

- Unlock and open your door with a key. You will still have a backup key just in case you need one.

Enhanced Security With Keyless Lock

- Keyless entry with your connected phone mobile app or fingerprint makes it easier and safer than conventional doors locks.

HARDWARE

- Pair your Smart Lock with a matching dummy handle
- Perfect for double panel doors or French Doors
- Seamlessly matches the design of the Smart Lock upgrade option

FINISH OPTIONS

- Black
